| Linux (Debian / Red Hat) | Novell Netware 4.11 | |

| Databases | | |
|------------|-----------|--------|
| SQL Server | Progress | Oracle |
| MySQL | MS Access | |

PROFESSIONAL EXPERIENCE

Web Developer

HPC Interactive

Norcross, Georgia

2000 – present

- Took part in designing and developing apartmentguide.com. Apartmentguide.com is an online apartment listing service which currently hosts approximately 25,000 listings. This site makes use of HTML, DHTML, CSS, JavaScript, MS ASP, XML, VB/Com, C++, VB Script, Oracle, and PL/SQL.
- Jointly architected and developed newhomeonline.com. Newhomeonline.com is an online service which allows visitors to search for new homes throughout the United States. This site makes use of HTML, DHTML, CSS, JavaScript, ASP.Net, XML, XSLT, VB/Com, C#, MS SQL Server, Oracle, and T-SQL.
- Helped to develop realestate.com. RealEstate.com is an online service which allows visitors to search thousands of real estate listings which are acquired through many various MLS services. This site makes use of HTML, DHTML, CSS, JavaScript, ASP.Net, XML, XSLT, VB/Com, C#, Oracle, and PL/SQL. This web site is no longer owned by HPC Interactive.
- Was instrumental in the design and development of "Online Edits". "Online Edits" is an internal
